

Open Call National Representative

The National Representative serves as a link between the sections and the International level together with the section coordinator by

- Promoting international projects and events
- Sharing information between the two levels
- Representing the voice of Finland and the sections in the meetings
- Not only representing Finland in the international meetings but also contributing to the CNR
- Coordinating an international project together with the national coordinator

The work of the NR mostly consists of answering, forwarding and sending e-mails. It is time consuming but you can get great experiences out of it.

It is important that the applicant is able to represent the opinion of the whole Board and sections even though it would be in contrast with his/her own personal opinion. In CNRs the NR represents the country and needs to have guts to stand for the opinion. The candidate has to be highly motivated and interested in ESN as a whole, ready to contribute also to the improvement of the CNR as a body. Lastly, it's important that the candidate is easy to approach and has enough time to take care of the tasks of an NR and the tasks of a regular National Board member.

Should you have any question about the position, you can always approach our current National Representative at mikko.hyvarinen@esnfinland.eu or nr@esnfinland.eu
